

SOMERS POINT VISION PLAN

OPEN HOUSE: Monday, May 16th

Meet the planning team, talk about your ideas, see how the plan is progressing.

3:00pm - 7:30pm

City Hall, Council Chambers

Ever wondered...“why doesn’t somebody do something about...?” (you fill in the blank). This is your chance! Bring your voice and your ideas to focus on the future of Somers Point. The city’s planning board and council are just getting started with the Somers Point 2021 Vision Plan. “The city is excited about this process which gives everyone: residents, business owners, and even visitors an opportunity to share their ideas to set forth the guidelines that will shape where the city will prosper in the next 5, 10, 15 & 20 years” says Planning Board Chairmen, Paul Striefsky. “Everyone is encouraged to take part in the Survey, (on-line at: www.SomersPointgov.org), also, take notice of the dates for the City Hall Open House, and the upcoming Vision Plan sessions at the Dawes Avenue School (June 1) and Jordan Road Schools (June 7).”

Next up, on Monday afternoon and evening, will be the “Vision Plan Open House”. Urban Designer - Matt Wanamaker, Traffic and Parking expert - Gordon Meth, and Planners - Laura Torchio and Mike Danemiller will lead discussions about Somers Point plans for changes and improvements in parks, streets, parking, waterfront attractions, schools and neighborhoods.

Each of the Vision Plan events will bring be an interactive experience designed to arrive at conclusions, ideas, and solutions. The process is designed to bring together talents and energies of everyone interested in how the city works and in how it can improve in the future. Interested? Get started by taking the survey at: www.SomersPointgov.org
